Dear Mr. Helms:

We are in continual need of up-to-date, black and white photos of your department's officials and the work in which they are involved.

Since we prefer not to use the same photos over again we would be most appreciative if you would send us as wide a selection as possible.

Candid portraits of both major and minor officials, photos showing them in field work and projects in progress would be most welcome.

Also, would you put us on your mailing list for photos so that the best and most current pictures representative of your department will be used in the Monitor.

Many thanks.

Sincerely yours,
